

**Don't let silicos make you sick or kill you.
Come for free training. Learn about the dangers of silica and get a
respirator at no cost. You can also see a doctor for free.**

MY BROTHER WAS A HARD
WORKER. WHAT A SHAME, HE
COULDN'T DO IT, UNCLE.

IT IS BETTER TO
PREVENT THAN TO
BURY SOMEONE YOU
LOVE. GO TO THE
CLINIC AND GET
CHECKED OUT BY A
DOCTOR.

I REALLY HAVE TO
TAKE CARE OF
MYSELF FOR MY
SON.

WHAT CAN WE DO
TO PREVENT THE
CHRONICLE OF A
FORETOLD DEATH
BY SILICOSIS FROM
HAPPENING
AGAIN?

CARLOS
1978-2025
Dear Father,
Dear brother
